Please review the corresponding photography policies below before calling or emailing to make an appointment. For appointments please email admin@peacegarden.com . From Canada call 204-534-2510 and from the U.S. call 701-263-4390.

For All Photographers

Flowers, cactus, succulent, potted plants, foliage or any plant material may not be picked or rearranged. Plant labels and tags may not be removed. Additionally, no living plant material from outside the gardens may be brought into the conservatory (i.e. wedding bouquets, or arrangements, etc.) Photographers, subjects and all equipment must stay out of the water features, flower and plant beds, the artworks and other structures at all times. Clothing, backdrops and other props are not to be hung on any plants or trees. International Peace Garden (IPG) is not responsible for damaged or lost equipment brought to the Gardens. All filming and photography must be conducted without disruption to the Gardens operations or limitations to accessibility of exhibitions, stairwells, entrances/exits, high traffic areas and other locations of interest to the Gardens' guests. Photographers and subjects should be mindful of the other guests who are also visiting and enjoying the Gardens.

Visitor Photography Policy

Photography (still and video) is permitted for private, non-commercial use only. Photographs cannot be published, sold, reproduced, transferred, distributed, or otherwise commercially exploited in any manner whatsoever without written consent by IPG. IPG reserves the right, and its sole discretion, to withhold and/or withdraw permission to photograph on its premises or to reproduce photographs of objects in its collection.

Government, Tourism Agencies or Affiliated Organizations Policy

These type of affiliated organizations should contact IPG to arrange photography service without admission or other fees and communication and management staff will be made available for information and questions.

Press and Media Photography Policy

Members of the media may photograph or film within designated areas of the facility and grounds for purposes of news coverage that includes IPG. All members of the press must contact the Gardens prior to arrival. Please try to make arrangements at least 24 hours in advance to ensure availability.

INTERNATIONAL
PEACE
GARDEN

Commercial Photography Policy

Commercial photography includes senior portraits, family portraits, engagement photos, etc. and those selling and using materials for professional purposes. Arrangements must be made in advance by calling or emailing the IPG to get approval and schedule. Professional photographers are charged a \$100 per hour sitting fee that includes admission for the photographers, assistants and subjects while working in the Gardens. Additional time beyond one hour will be charged at a rate of \$50/hour. Depending upon the scope and time of a project, IPG reserves the right to charge an additional fee. The Gardens accepts personal checks, cash, MasterCard and Visa as forms of payment.

At this time, photography settings are for business hours only. Arrangements need to be made in advance for afterhours shoots and additional fees will apply.

A photographer selling materials (greeting cards, posters, prints, books, etc) identifying the location (which must be International Peace Garden) will need to make arrangements through the IPG to secure a trademark licensing agreement. Licensing fees will apply.

It is recommended that you visit IPG before your scheduled photography session to view the Gardens for your photoshoot and make a plan. This process is in place for your benefit and to save time.

Wedding and/or Reception Photography For IPG Rentals

For guests who have rented private event space at the Gardens there is no fee for wedding and/or reception photographs taken at IPG. Any location on the grounds may be used for photography sessions, but appointments are still encouraged to plan for larger groups in crowded spaces outside of your reserved private event space. It is recommended that you visit IPG before your scheduled photography session to view the Gardens and plan for your photos. This process is in place for your benefit and to save time.

Wedding and/or Reception Photography for guests who HAVE NOT rented private event space

For any photographers or guests who have not rented private space at IPG and want to use the IPG for photography, a \$200.00 photography fee reserves the non-exclusive use of the Gardens for one hour of photography. All couples must reserve the time and date of their photo session and must pay in advance. Guests who do not register in advance will be charged \$300 per hour. The photography fee provides the non-exclusive use of IPG for one hour. This fee also allows the photographer and immediate wedding party (bride/groom, attendants) to enter without paying an additional admission to the Gardens for the photo session. Any additional guests will need to pay the general admission fee to enter the IPG. Additional time is charged at the rate of \$200.00 per hour, with a minimum billing increment of one hour. It is recommended that you visit IPG before your scheduled photography session to view the Gardens and plan your photos. This process is in place for your benefit and to save time.
